Welcome to the Bresheh Roast Line

Handmade in Jamaica for Global Citizens

We are crafters of conscious style and purposeful products - the finest vegan leather bags and accessories - that are good for you and the environment.

Buying Bresheh means choosing luxury and quality, always. Enjoy complimentary monogramming with every purchase and choose from a range of exquisite shades and custom designs. Treat yourself or give an unforgettable, stylish, and practical gift to friends, family, colleagues and corporate clients.

//

*Timeless Designs, Purposefully Built,
Comfort without Compromise*

*All Roast pieces have a 2 year warranty

Our Collection at a Glance

The Bresheh Roast line is handcrafted by socially conscious dreammakers from 100% sustainable materials, and purposefully designed from the heart, just for you.

The Backpack

This backpack is the perfect pairing with everyday wardrobe staples and is versatile enough to fit both classic and contemporary looks at work, on the go or at play.

The Knapsack

The Roast Knapsack is worth a double take, with a sleek, elegant exterior and a carefully, compartmentalized interior for convenient packing & organizing.

The Pouch

The Roast cosmetic travel pouch is purposefully crafted from vegan leather, making it sustainably stylish with a spacious interior for your favourite personal care products.

The Duffle

Our Duffle combines the functionality of a backpack and garment bag with the portability and functionality of a duffel.

WE HAVE YOUR BACK

Crafted just for you by our local artisans, your dream bag is now a reality. Designed for comfort and purpose, get ready for your adventures at home and abroad. Finally, one bag that suits everyday wardrobe staples with the versatility to pack for work, play and travel.

Sleek, Stylish, and Kind to the Environment

Sustainability is at the core of our social enterprise and we know it's important to you too. The Roast Backpack is made using vegan leather and durable materials...it's built to last you a lifetime. The convenient luggage strap easily loops onto your rolling suitcase; say goodbye to back pains while walking around the airport. These ergonomic features are not only useful for while you're traveling, but also for every day wear commuting school and work.

*Pack your essentials and get going.
The world is yours to explore!*

Made For More, Just for You

Finally, one bag with the versatility to pack for work, travel, or play.

- Pickpocket proof compartments to safely store valuables
- Flap features strong and stylish clasps
- Convenient side pockets allow you to store items like water bottles, umbrellas or travel essentials like your passport
- Signature Bresheh-stitch detailing for durability and style

The Roast Backpack Showcase

Handcrafted by our local artisans, just for you. Your dream bag is now a reality. Designed for comfort and purpose, get ready for your adventures at home and abroad.

THE ROAST KNAPSACK

The Roast Knapsack is worth a double take, with a sleek, elegant exterior and a carefully, compartmentalized interior for convenient packing & organizing.

The knapsack features, ethically sourced vegan leather and a smooth cloth-lined interior for an unforgettable look and feel.

It's a size down from the Executive Backpack but big enough to hold business essentials with these premium features:

Other Special Features

- Fits 13" laptop or tablet in specialized compartment.
- Secured outer compartment for small essentials.
- Convenient pockets for small electronics, equipment or personals.

Roast

Personalization Inclusive

The Roast Knapsack gives a stylish edge to every day travel for work & play. Smooth, vegan leather gives way to a compartmentalized, cloth-lined interior to neatly pack your travel essentials. Pack your favorites in the secured front compartment for safe and easy access.

WE ARE A CIRCULAR ECONOMY

Bresheh believes in business that protects rather than exploits the environment. Every cut of leather or beautiful print is sourced and utilized sustainably. We manufacture our Bresheh products using vinyl banners from billboards and events for reinforcement and save our scraps from production to make other bags and smaller accessories. With this approach, Bresheh operates as a near 'net-zero waste' manufacturer.

We take it a step further and collect used clothing including denim and other landfill-bound materials to upcycle into other products (bags and accessories)

WE CREATE IMPACT

We take giving back to our community seriously. Since our inception, we have made it our duty to engage the communities around our factories and our wider Jamaican family. To date, we have donated over 800 backpacks and other items to school children and other worthy causes.

Bresheh has responded nationally and regionally in times of crisis, lending a helping hand to those who need it most. In 2020/21 we provided over 200 masks to children through the Ministry of Education, Youth and Information. To further boost the Government's 'One Laptop or Tablet Per Child' initiative, we donated 12 tablets to serve children transitioning from state care and rural schools. Three tablets were also given to the National Shelter for victims of domestic abuse. All told, the value of our donations during the period of the pandemic alone exceed 5 million dollars.

Regional consciousness is part of our corporate identity. We believe that the islands of the Caribbean, with our shared history and culture, are part of one large story. Which is why, when St. Vincent and the Grenadines faced devastation following the volcanic eruption, we donated to their cause with our own products and other goods collected on their behalf.

We believe that each Roast product represents exceptional craftsmanship and beauty. But we also believe that every stitch and every strap is testament to the strength and vibrancy of our Jamaican community and our wider Caribbean identity.

Randy Makk
– Co-Founder & CEO

WE ARE FAMILY

Our artisans operate in a safe, ethical and clean environment. We know that our workers are the heart of our manufacturing process and so, Bresheh constantly executes trainings and development programs.

Bresheh supports the education of our team and their children. We show our commitment through our employee homework assistance program for both children and staff as well through the provision of backpacks and other school supplies.

We know that the best work comes from an environment of respect and appreciation, so every Bresheh product is the result of that awareness - every Bresheh product is from our family of dream-makers to yours.

We believe in true social enterprise and community development.

We are proud of our community involvement and our legacy of giving back.

With each Roast by Bresheh product you participate in our efforts to protect our environment, empower our team and serve our communities.
